Mechanics. Mike + the Mechanics. Mike + The Mechanics. Frontman Mike Rutherford works best when his material is straight-  
up rock. The singer-songwriter-guitarist, who formed the English rock band Genesis in 1968, also led a side project, Mike +  
The Mechanics. Their heavy-metal ode to Genesis, "Perfect World," reached No. 1 in the United Kingdom on the singles charts  
in 1985. Backed by a beautiful vocal by Steve Upton, it was the first single to go to No. 1 for Mike + The Mechanics. Only a

the same sort of "heavy" hard-rock music, but they don't take it anyplace interesting. After a few listens, you can tell that they  
aren't the best band on the planet, and that the title "Mike + The Mechanics" isn't anything particularly remarkable, just a kind  
of placeholder for whatever the band decides to do next. Notwithstanding, Mike + The Mechanics do have a certain
