Total War : Shogun 2 v1.0.0 Build 3241.0 This game has an instructional trainer about cheats for all the given maps. This trainer allows you to save time, and find more easy the way to play all your games with your friends. In every match, you will be able to choose one of the three available maps. No matter which map you will choose, there will be at least one task for the given map. The trainer will allow you to perform these tasks by cheating you games. As a result, your rivals will loose a battle and your soldiers will get a promotion. Thus, the trainer will help you to remain in the first or second position in your nation. If you are the first, you will get the right to manage the three most important countries in Japan : Okinawa, Ieyasu and Oda. If you are the second, you will get the right to manage the four most important countries in Japan : Okinawa, Ieyasu, Oda and Tokugawa. If you are in third position, you will get the right to manage the five most important countries in Japan : Okinawa, Ieyasu, Oda, Tokugawa and Toyotomi. If you are a cheater, you will obtain all the tasks in a quick manner. Thus, you will save as much time as you want in the training of your 3 soldiers. Additionally, it will allow you to perform the following tasks : - To kill on the second map, in order to promote one of your units. - To remove one or more points from your opponents. - To play on the second map without your opponents in order to make money. - To recruit one or more units on the third map in order to promote them to higher ranks. As a result, your rivals will lose a battle, your soldiers will get a promotion and your nation will develop faster. A trainer is composed of three "parts" : 1/ The "main trainer" (P1) : The main trainer is the most important part of the trainer. You will start the game on
